Thank you very much Marlize,

I very much appreciate the commitment of all of you making submission possible in February. Once you shall be aware of the date of Day-1 of the first group please let me know.
I shall also check with our legal whether they have solve their issues. When do you want us to ship the products?

Cape Town was great and impressive as was the game farm. My kids were very much impressed by the nice shot Anina made with her lens! Thanks to her once again!

I am looking forward to seeing all of you again. Kind regards to Hermann, Anina and your team members,

sincerely,

Martin

Dear Martin

Please find attached the final protocol for the 310/2002 study. I will courier a hard copy to you today with two signature pages. Please sign both pages and return one original for my files.

We are also working on the cost estimate of the study since a few changes were made to the protocol. I will send the final cost estimate on Monday.

Thank you for your input to finalise this protocol.

Kind Regards
Marlize**********
